

DAVID WARBURTON MP

HOUSE OF COMMONS

LONDON SW1A 0AA

1st December 2021

Dear Langport Transport Group

I am writing to you to commend the fantastic work Langport Transport Group has done in campaigning for the opening of a new railway station in the Langport/Somerton area.

As you will know, I am a huge supporter of the new station project and believe that a new railway station will be incredibly beneficial for our community. I am therefore very much looking forward to seeing this project developed to completion.

It has taken a tremendous amount of effort by all those involved in this project to move things along at this pace and secure funding and I would like to personally thank you all for all your hard work.

Yours sincerely,
