Dear Sirs,

PROPOSED NEW RAIL STATION SOMERTON/LANGPORT

As Chair of the Somerton and Business Trade Association, it falls to me to consider the best interests of the members of same.

We are aware of the proposals regarding a new rail station in the Langport/Somerton area, and after due consideration fully support such a move – we see the potential for increased trade and business as an overall positive, notwithstanding the overall benefit to residents.

Naturally, loyalties extend primarily to Somerton for increased footfall, although overflow business – while tentative - cannot be ignored; nonetheless, our support for the project overall is given.

Kind regards,
Colin Powell
Chair, SBTA
